

Miracle Recreation® has been around since 1927 and is the oldest and largest playground manufacturer in the world. Our experience helps us understand the best ways to provide quality, play value and safety to our customers. Our goal of "Shaping the Future of Play" means that we are fully dedicated to continuous improvements in playground safety and product innovation. Take a look at what makes us different and why customers continue to rank us at the top for customer satisfaction.

**A feature exclusive to Miracle®**

**Most Color Choices in the Industry**  
With 27 paint colors and 21 plastic colors, you can customize your playground to any color scheme imaginable.

**PlayCover® Sun Shades**  
Available up to 18' x 18', PlayCover® fabric shades provide an inexpensive option for sun protection.

**Triple Flo-Coat Galvanized Steel Tubing**  
Flo-coated on interior and exterior to provide protection against corrosion. Coated with "super-durable" epoxy powder finish.

**Mira-Therm™**  
Abrasion resistant, textured PVC surface for improved durability.

**MiracleTech™ Security**  
Integrated security system that discourages loitering, lights up the night, and keeps an eye on what's happening around the clock.

**Center Stage®**  
Single pedestal deck design allows children to be in view at all times and can be customized for virtually any site or budget.

**Big Kahuna® / Grizz-Lee Bear® Climbers**  
A versatile piece that can be used as a ground-to-deck or deck-to-deck climber. Available in over 20 Rockite® colors.

**Gator Grip®**  
A three dimensional textured pattern on all gripping surfaces to provide comfort for little hands.

**Mega Tower®**  
Maximize your space with our 25' high Mega Tower® system. Available as a triple or double-deck system with internal ladders. Top levels of triple deck systems are fully enclosed for safety.

**Mira-Cote® Anti-Microbial Coatings**  
Reduces growth of bacteria on equipment surfaces that may cause or spread illness. Also reduces odors and stains on playground equipment.

**Mega Tower® Tube Slides**  
Up to 14 feet high and 30 feet long, Miracle's monster Tube Slides are some of the tallest in the industry. Fully enclosed with window option for views and visibility.

**Speed Slides**  
Steep sliding angles provide excitement and speed while safety canopies funnel users into a safe, sitting position. Made from only one piece, Miracle's Mogul™ and Groove™ Slides provide smooth, seamless sliding.

**Roof Systems Designed to Keep you Covered**  
For a finished look, top your Miracle® playsystem with our large selection of unique roofs, arches or PlayCovers. Protect children from sun exposure and inclement weather.

**Versalok®**  
Stainless steel, tamper proof fasteners that eliminate the need for unsightly & costly clamp stacking. (patented)

**Chameleon™ Slide**  
Available as straight, curved or "S" shaped with solid or multicolored options.

**2-Color Barrel Canopy**  
A Miracle® Signature piece that allows for the ultimate color customization.

**855° Typhoon™ Slide**  
Add excitement with the industry's highest sliding thrills and the deepest bedways available (15").

**Versatile Deck Options**  
Miracle's huge array of deck shapes, heights, sizes and colors accommodate hundreds of play events and can handle heavy traffic.

**Huge Slide Selection**  
Miracle® offers the largest slide selection in the industry, with some of the highest, most exciting slides available.
